

Is it possible to merge two profiles in...

Hi,

Doing an advanced search I've discovered today that I had an older profile:

- User Name: Bjorn (member since Nov 23, 2007)

- User Name: Björn (member since Oct 6, 2005) -> only one post 😄

Is there any possibility to merge them?

Kind Regards,

Björn.

Greetings,

There currently isn't a way to merge two different profiles. Is there any specific needs for content or otherwise in relation to this?

Blake

Hi,

No, no specific need.

I just want to know if there was any possibility to change my current membership starting date to the old one... ;P.

It's not important!

Kind Regards,

Björn.
